

Twelve Precious Stones
from Five Continents

Only from **MEDICAHEALTH**

A lifetime of beautiful healing energy, delicately hand-crafted, purified, blessed and sealed with quantum technology.

Our stunning Theragem Star Pendants contain living crystal elements, exotic minerals and healing stones from five continents. The stones are blended by hand to create natural scalar waves and earth energy, which addresses weakness, discomfort and poor balance.

The pendants ground and harmonize the body and help to protect against invisible electrical fields, microwave radiation and harmful frequencies.

Theragem Star Pendants can also help with conditions such as asthma, insomnia, stress, fatigue, headache, allergies, vision issues, hyper or hypo blood problems and depression.

“Since wearing the pendant and admittedly doubting its ability, I was amazed - having worn it for a few days - how much lighter and focused I felt. Plus it looks lovely!” KC-UK

Choose from two pendant sizes.

Both sizes contain an equal amount of precious stones.

Sleek, unisex design for both men and women to wear.
